

# IRON WOODS<sup>®</sup>

HARDWOOD DECKING & SIDING

## PREMIUM CUMARU

### TIME TESTED

With proven performance in high profile, commercial applications, Iron Woods Cumaru hardwood is renowned for its natural resistance to everything nature can throw at it.

Iron Woods Cumaru is a South American Species recognized for its incredible strength and durability. It is known as one of the most durable species available. Cumaru can be used in ground contact without preservatives. It is widely used in commercial applications where large volumes of fixed dimensions and lengths are required like boardwalk and bridge decking.

Cumaru remains the species of choice for the boardwalk industry and commercial projects where heavy dimensions and large volumes of single lengths or FSC certification is required.
